SUMMARY

Computer Science student at Bina Nusantara University focusing on Software Engineering, Fullstack Engineering, and Mobile Development. Built web and mobile applications through personal and team projects. Completed an IT Network internship at PT Gandum Mas Kencana and served as a Scholarship Academic Mentor. Eager to build useful applications and keep growing technical skills.

EDUCATION

Bina Nusantara University (BINUS) | Tangerang, Indonesia
Bachelor of Computer Science (September 2024 - **present**)

- **GPA:** 3.86/4.00 (5th Semester)
- **Relevant Courses**: Software Engineering, Software Architecture, Mobile Hybrid Solution, Code Reengineering, Database Technology, Object Oriented Programming

PROFESSIONAL EXPERIENCE

PT Gandum Mas Kencana | Tangerang, Indonesia (Internship)
IT Network Intern (July 2025 – August 2025*)*

- Studied computer network architecture based on the OSI 7-Layer framework.
- Analyzed the function of each network layer (from Physical to Application Layer).
- Presented findings on network architecture analysis to the IT team.

TECHNICAL PROJECTS

Electus: AI-Powered Applicant Tracking System | React, TypeScript, Tailwind CSS
Frontend Developer & UI/UX Designer

- Designed and built the Liquid Glass interface of an AI-powered ATS with analytics dashboards and an interactive landing page.

DressSense: Color-Blind Friendly Fashion App | Flutter, Figma
Mobile Developer

- Developed a Flutter app in a team of three to help color-blind users identify clothing colors, match outfits, and shop.

Nexiera: Campus Learning Marketplace | Next.js, TypeScript, Tailwind CSS, NestJS, PostgreSQL
Fullstack Developer

- Developing a learning marketplace where students find classes, bootcamps, and tutoring, and tutors publish classes.

ORGANIZATIONAL EXPERIENCE

Bina Nusantara Computer Club (BNCC) | Tangerang, Indonesia
Activist of External Event Organizer (EEO) (September 2025 – September 2026*)*

- Actively contributed as an operational committee staff member in organizing external student club events.

Bina Nusantara University (BINUS University) | Tangerang, Indonesia
Scholarship Academic Mentor (September 2025 – January 2026*)*

- Mentored 4 Computer Science students in one-on-one sessions and earned the Mentor Scholarship (16 academic credits).

Senior Scholarship Academic Mentor (February 2026 - July 2026)

- Continued as Senior Mentor in a second term, mentoring 3 Computer Science students and earning the Senior Mentor Scholarship (16 academic credits).
